Definisse [KP¹][®]

Collagen Modulator Bio-peptide

THE MAJOR MODIFICATIONS FOUND IN AGED SKIN ARE **QUANTITATIVE AND STRUCTURAL CHANGES IN COLLAGEN FIBERS¹**

YOUNG SKIN

abundant, tightly packed, and
well-organized intact collagen fibrils¹

VS.

AGED SKIN

collagen fibrils fragmented and
coarsely distributed¹

**With age the skin's ability
to replenish
collagen  naturally**

decreases by about **1.0% - 1.5%** per year²

THIS DECREASE IN COLLAGEN

is one of the characteristic hallmarks associated with the appearance of
FINE LINES AND DEEPER WRINKLES²

INTRODUCING
DEFINISSE [KP¹] COLLAGEN MODULATOR BIO-PEPTIDE
THE BIO-INSPIRED RANGE FORMULATED WITH
RELIFE'S EXCLUSIVE KEY PEPTIDE 1

30 ml
Dermatologically
tested

Definisse [KP¹]® regenerating serum

Collagen Modulator Bio-peptide

Concentrated and fast-absorbing regenerating serum. Clinically proven effective in addressing dullness and reducing fine lines and wrinkles. Formulated with [KP¹] RELIFE's exclusive, first-in-class, bio-active peptide, which modulates collagen turnover by protecting it against degradation; high and low molecular weight hyaluronic acid, Vit B5, and White Truffle extract to increase skin elasticity and help the physiological regeneration of the epidermal barrier.

KEY INGREDIENTS: KEY PEPTIDE 1, HIGH AND LOW MOLECULAR WEIGHT HYALURONIC ACID, WHITE TRUFFLE EXTRACT AND VIT B5

How to use: Apply a few drops to clean skin in the morning and evening by massaging until completely absorbed. Can be used in combination with aesthetic medicine treatments to improve and preserve results

Definisse [KP¹]® redensifying cream

Collagen Modulator Bio-peptide

Lightweight and easy-to-absorb redensifying cream. Formulated with [KP¹] RELIFE's exclusive first-in-class bio-active peptide, which modulates collagen turnover by protecting it against degradation; high and low molecular weight hyaluronic acid; Vit B5, Vit E, and avocado oil to increase skin elasticity, nourishment, and to help regenerate the epidermal barrier. Nourished, firm, and velvety-smooth skin.

KEY INGREDIENTS: KEY PEPTIDE 1, HIGH AND LOW MOLECULAR WEIGHT HYALURONIC ACID, VIT B5, AND VIT E

How to use: Apply to clean skin in the morning and evening by massaging until completely absorbed. Can be used in combination with aesthetic medicine treatments to improve and preserve results

Definisse [KP¹]® revitalising eye contour

Collagen Modulator Bio-peptide

Lightweight and easy-to-absorb formula to reduce wrinkles, dark circles, and under-eye puffiness. With [KP¹] RELIFE's exclusive first-in-class bio-active peptide, which modulates collagen turnover by protecting it against degradation; a peptide that mimics the effects of botulinum toxins (Argireline®); cross-linked, high and low molecular weight hyaluronic acid; Vit B5, Vit E, and avocado oil.

KEY INGREDIENTS: KEY PEPTIDE 1, ARGIRELINE®, CROSS-LINKED AND HIGH & LOW MOLECULAR WEIGHT HYALURONIC ACID, VIT B5, AND VIT E

How to use: Apply to clean skin in the morning and evening by massaging until completely absorbed. Can be used in combination with aesthetic medicine treatments to improve and preserve results

revitalising eye contour

You can't stop time, but you can make it beautiful.

Definisse [KP¹] is a bioactive skincare solution formulated with [KP¹], the Key Peptide 1, which protects collagen from degradation to help preserve and increase the level of collagen in the skin. Each formulation combines [KP¹] with high and low molecular weight Hyaluronic Acid and specific ingredients, for radiant and younger-looking skin.
